

PROJECT FACTSHEET

Enhancing Food Security and Nutrition (EFSN-IV)

BACKGROUND

Care Bangladesh is implementing **Enhancing Food Security and Nutrition (EFSN-IV)** Project Supported by World Food Programme at Moheshkhali, Pekua & Kutubdia sub districts in Cox's Bazar. EFSN-IV aims to ensure food security and nutrition of 15000 most vulnerable households from Moheshkhali, Pekua & Kutubdia through multi-dimensional Food, non-food Cash and training packages for vulnerable women by giving special attention to the households with disabilities. The project initiates activities that reduce or remove obstacles to poverty reduction, equip ultra-poor with tools and means for improving household food security, and promote mainstreaming in development activities. It also promotes integration and relieving tensions between Rohingya and equally vulnerable Bangladeshis in this region.
