

PROGRES III JIMIRI

OVERVIEW

100 youth structures will be targeted and support 2,500 young people in total

6 000 women will be economically and socially empowered

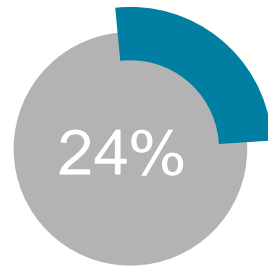

USD 2 908 191 is the total budget allocated by DANIDA to implement this program

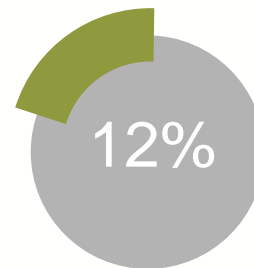

PROGRES III JIMIRI aims to contribute to answering three areas of in-depth learning, namely:

- 1) gender equality and the inclusion of women in economic development,
- 2) youth and the links between economic opportunities, radicalization and migration
- 3) the humanitarian-development nexus and resilience to climate change and conflict.

The program aims to contribute to a situation in which human rights, mobility, resilience and equitable access to the natural resources of poor and vulnerable pastoral families are guaranteed in Niger and the subregion. Implementing partners will be local NGOs AFV, AREN, DEMI-E, RBM and SOS Civisme. Three specific areas were selected to observe and evaluate the contributions of the program namely Diffa, Maradi and Tillabéry.

of the program's participants will be women and girls

of Niger's population is estimated to be affected directly and indirectly at the end of the program

“JIMIRI is an opportunity for CARE partners to take into account the concerns of their members and especially to strengthen their capacity to take action on climate risks and conflicts.”

- **SOULEY GARBA**, Chief of project PROGRES III

CARE's Response

Since 1974, CARE International in Niger has touched the lives of more than 4 million people through our work in the areas of women and youth empowerment, natural resource management, the promotion of food and nutrition security, the promotion of economic opportunities for youth and interreligious dialogue, climate change adaptation and emergency response
