2. DEDICATED GRANT MECHANISM FOR CÔTE D’IVOIRE

OBJECTIVE:

The project’s development objective is to strengthen the capacity of targeted local communities to participate in REDD+ processes at local, national and global levels.

SPECIFIC OBJECTIVES:

- Increase the capacity of local communities in areas targeted by the DGM Project
- Conduct agroforestry activities in project target areas to reduce pressure on forest resources
- Support the management, monitoring and coordination of project activities.

STRATEGIES:

- Building the capacity of local communities
- Strengthen the capacity of NPC members (National Steering Committee, Community awareness and training, preparation and submission of projects,
- Implement payments based on performance, management, monitoring and evaluation

RESULTS:

- 75% percentage of men and women participating in DGM whose role in IPE and other local, national or global REDD+ processes has increased;
- 200 ha of area covered by agroforestry programs.
